

## SOCIAL WALKS REPORT.(Paul)

Social walks have continued to attract reasonable numbers this year. A list of the walks and the number of participants is attached.

The program for 2016 is coming to an end and I will be publishing dates for 2017 at the end of November and asking for volunteers to lead next year's walks.

The away days event arranged by Alan Kimber and Russell Knapper for April next year at Ruthin has been well supported.

In future, I will be asking walk leaders to report the number of attendees so the club can continue to keep a record of walks and number of participants.
